Ikelau Hamlet

Uchel Sechewas
At-Large

Wilson Ngirausul
Ngermid

Welcome to Koror State Legislature!

Our aim is to provide transparency by providing constant and updated information to you about your Legislature. We want to be able to reach all our constituents near and far and have a close encounter with them. Advances in technology now give us the means to be together on-line.

In my tenure as a Speaker, I am determined along with my colleagues to take to the heart the principles of service and representation set forth by our founding fathers, 'sel lolib a kelulul a beluu'. The legislations we enact are aimed only for the best interest of Koror State, its people, and residents. Koror State is the only state in the Republic that have countless legislations and laws geared toward protecting, conserving, and preserving of its natural environment, its people and resources.

Please take a few minutes to peruse through your legislature and meet your legislators, visit your committees and staff, read the news about us, or leave a comment on how best we can serve you.

Kom Kmal Mesulang,

Eyos Rudimch
Speaker
